

PROTECT RESPECT & ENJOY

How to visit
**THE BIG
SHEEP**
from
19th July

1. Are You Fit?

If you are not feeling well or you've been in close contact with anyone you believe may have COVID, please delay your visit today. We will offer you a voucher to come and enjoy a great day out when you are feeling better.

2. Respect Others

Social distance guidelines are no longer in force, but if you can keep your distance from others they will feel more comfortable and happier during their visit.

3. Clean Your Hands

We still have hand sanitisers and multiple hand washing stations around the park and we encourage you to use these at regular intervals throughout your visit.

4. Protect Yourself

Face coverings are voluntary but if you find yourself indoors, in close proximity to others, you may feel more comfortable using face coverings and we encourage you to do so.

5. Be the Border Collie

Keep your flock together and under control at all times on the park, our border collies are available to help if needed.
